FALL 2022

ADULT MEDICINE PRN NEWSLETTER

The biannual newsletter of the ACCP Adult Medicine PRN

Message from the Chair

By: Jon Wietholter, PharmD, BCPS, FCCP

If I am being completely forthcoming, when I ascended to the role of AMED PRN Chair last October, my biggest concern was developing two "Message from the Chair" submissions required for the AMED PRN Spring & Fall newsletters. I had significant difficulty wrapping my head around how to approach these columns to provide PRN members with messages that were both deep and profound. However, due to the incredible 2021-2022 AMED PRN leadership team consisting of Chair-Elect Rachel Flurie, Secretary/Treasurer Nicole Metzger, and Committee Chairs/Vice-Chairs (Emmeline Tran, Katy Dulgar, Alex Ebied, Carmen Smith, Erin Hennessey, Haley Johnson, Lyndsi Meyenburg, Lisa Hong, Ashley Otto, Matthew Laws, Beth Ford, Abigail Hoff, Melanie Maris, and Eric Kinney), my concern was completely unfounded.

Over the course of the last year, it dawned upon me that I don't have to write a single word seen as deep and profound to prove the AMED PRN had a fruitful year; I simply have to highlight the great work done within the PRN since last October. Despite persistent craziness consistently encircling our everyday lives, this year has been a hugely successful one for the AMED PRN. The leadership group mentioned above provided phenomenal support and guidance and I truly appreciate the opportunity to work with such an extraordinarily talented group of individuals. While I won't exhaust your eyes with every last piece of work the PRN completed this year, I do want to highlight some of our **major accomplishments**:
